WELCOME BACK!

For the second year, the Medina County Career Center will host the North Central Regional SkillsUSA Competition. We look forward to providing students in our region with the opportunity to showcase their technical and leadership skills. Please review the competition dates below and communicate them to your administration, staff, and students so that the necessary plans can be put into place. We hope to have over 500 students compete this year, ensuring an outstanding North Central representation at the State and National competitions!

THEME

This year's theme is "**SkillsUSA Champions at Work: Connecting the Opportunities.**" This theme will be important in preparing for specified competitions such as Prepared Speech and Chapter Display. Please refer to the SkillsUSA Championships 2010 Technical Standards Manual under *Contest Guidelines* to see if your contest has a direct link to the theme.

NEW FOR 2010

Resumes will **not** automatically be required for each and every student competing in a contest. Please refer to the SkillsUSA Championships 2010 Technical Standards Manual under *Equipment and Materials* to see if a resume is required for an individual competition.
