SkillsUSA provides its members with the opportunity to showcase their technical and leadership skills through the SkillsUSA Championships Program. The culmination of the program is an invitation to represent Ohio at the 46th Annual SkillsUSA National Leadership and Skills Conference. Ohio is permitted to send one college/postsecondary competitor or team in each category.

The SkillsUSA Ohio Championships program has been established to determine who is eligible to compete. The Championships are broken down into four levels of competition: local, regional, state and national. The state gold medalists in each category will be invited to represent Ohio in Kansas City.

This handbook has been designed to assist schools in preparing their students for entry into competition.

Thank you for your participation in SkillsUSA, and good luck in the Championships program.

Sincerely,

Mike Cowles
