

# SkillsUSA Ohio Southwest Regional Competitions Policies and Procedures

1. Everyone will be masked.
2. Each school will be assigned a "Home Room." This is a classroom where students can keep their stuff and hang out. EVERY COMPETITOR MUST REMAIN IN THEIR ROOM AND IS NOT ALLOWED TO MINGLE IN OTHER ROOMS. This will limit the amount of exposure. One person will be permitted to leave at a time.
3. We are asking that each school take the temperature of everyone attending before they leave in the morning. If someone has a fever of 100 or higher, they should not attend. Please monitor your students and staff for symptoms.
4. ALL COMPETITIONS AND THE BUILDING WILL BE CLOSED TO GUESTS AND OBSERVERS.
5. To limit the number of people in the building we are asking that each school only bring one advisor per ten students (we know that this may not be possible since it is after registration). No advisors will be allowed to be in the competition rooms after orientations.
6. We will have snacks, coffee, and water available in the rooms. We will also be providing a box lunch that will be delivered.
7. If you would like to bring a cooler for your students to keep in your room, that is fine. We just ask that you clean up any mess.
