Dear CTE Instructor,

SkillsUSA Ohio provides a wealth of leadership development opportunities and resources for students, teachers, and administrators. This handbook will assist you in planning your events and working with your students as they prepare for the various leadership conferences and activities.

SkillsUSA provides its members with the opportunity to display their technical and leadership skills through the SkillsUSA Championships Program. The culmination of the program is an invitation to represent Ohio at the 59th Annual SkillsUSA National Leadership and Skills Conference. Ohio may send one high school competitor or team in each category.

The SkillsUSA Ohio Championships program determines who is eligible to compete. The Championships are broken down into four levels of competition: local, regional, state, and national. The state gold medalists in each contest represent Ohio in Atlanta, Georgia.

SkillsUSA Ohio is a partnership of students, teachers and business and industry working together to ensure Ohio has a skilled workforce. Through participation in SkillsUSA, your students will have the opportunity to participate in experiences that will develop the leadership skills necessary to compete in tomorrow's global workforce or transition to postsecondary education and training.

As you begin the school year, we hope you join us to make the SkillsUSA program an integral part of your curriculum. We will post all forms and specific event information at www.ohioskillsusa.org.

Thank you for your participation in SkillsUSA and we look forward to serving you this year.

Sincerely,

A handwritten signature in black ink that reads "Jacqueline L. Walker".

Ten Simple Rules for Using SkillsUSA's Brand Marks

How well SkillsUSA is identified depends on your consistent use of the SkillsUSA logo and the new slogan art ("slogo").

Rely on SkillsUSA's Office of Publications to review your planned use of the trademarked logo and slogan art. If outside the SkillsUSA headquarters, e-mail your designs to **Tom Kercheval** at tkercheval@skillsusa.org or fax to 703-777-8999. Got a question that is not covered here? Don't alter the graphic – contact Tom Kercheval or download the complete graphics standards manual from the Web page listed below.

In preparing your branded materials, help ensure that SkillsUSA makes a memorable impression by following our simple guidelines. Please share these with your printers and other vendors; in no case should they ever alter or redraw any part of these graphics.

1. Always use the art as a single unit. Each graphic consists of two parts: the type, and above the type, a stylized graphic element referred to as the "stripes." These two elements are never to be altered, moved, or used individually. (For example, it would be incorrect to use the stripes alone as "bullets" on a Web site; or to use the "Champions at Work" type by itself without the SkillsUSA logo and red rule; or to move the "Champions at Work" graphic to the side of the type to fit your item.)
2. Do not add any other type or graphic elements to the art. Use only your official logo. State or chapter logos should not bear any additional symbols representing them individually. Such additions are considered "noise" that weakens the impression we need to make. Along the same line, don't add your state or local chapter name to the slogan brand mark. "SkillsUSA: Champions at Work" is our national, trademarked slogan.
3. Don't fence it in. The logo has been designed to work best with plenty of empty or "white" space around it. Maintain a "no-fly-zone" around the art, a distance equal to at least the height of the "k" in "SkillsUSA." Don't cramp the art in a box or put it too close to type or another graphic.
4. Keep the width and height of the art proportional. Don't "stretch" it in one direction to fit your allotted space. If you're working in a computer document, resizing the width and height separately until the art "looks right" will not keep it in accurate proportion. Refer to your software instructions on how to resize graphics proportionately.
5. In most cases, the single-color graphic has the greatest impact. All parts of this version must be the same color — one single color. You may use the solid (black) version against any color background that provides strong contrast. You may convert the entire graphic to solid white if you are reproducing it on a black background or another dark color. If your item is limited to a particular color ink or thread, such as dark blue, the art may be converted to that solid color — but again, there should be strong contrast against a light background, and all parts must be the same color.
6. There are specific limitations on using the red-and-blue versions. First, use only the specified colors (PMS 485 and 541), and only as they appear in the downloads. No other combination of colors within the graphics is allowed. Second, the two-color versions are only for use against a white background; any other color background will reduce the contrast and, therefore, visibility.
7. Don't change the colors of separate parts of the graphic to provide contrast for your item. For example, if you have a dark blue shirt and the blue type in the art fades into the background, don't change the blue part to white and leave the red as is — the entire graphic should be

changed to solid white.

8. Keep it legible. The logo is designed to be reproduced as large as needed. In reducing the logo for printing, the absolute minimum size is no less than one-half inch (1/2") wide (measured along the baseline of "SkillsUSA"). Reducing the logo further will render it virtually unreadable and very difficult to reproduce. For use of the logo in a digital format (Web site, screen saver, etc.), the absolute minimum size is no less than 1-inch wide at a resolution of 72 dpi.
9. Use the right type of downloaded file for the job. The EPS files are for commercial printing projects. (EPS graphics can be imported or placed in documents, but don't try to click and open them unless you have illustration software. It won't work.) The PNG files are for importing into Microsoft Office documents. (They may appear slightly pixilated on screen but print fine.) Don't use JPEGs from our website in commercial printing. The resolution isn't high enough, and the image will become pixilated if you resize it.
10. The PNG files are for importing into Microsoft Office documents. (They may appear slightly pixilated on screen but print fine.)
11. **Get rid of all your old art. Don't use any previous symbols of the organization, such as the striped "VICA: Quality at Work" logo or the "Pride in What We Do" eagle. Also, the SkillsUSA emblem is reserved for ceremonial purposes and should not be used to represent the organization.**

SkillsUSA National Program

SkillsUSA is a co-curricular career-technical student organization. While many people are aware of our Skills and Leadership Competitions, SkillsUSA is also committed to providing a quality curricular program that serves students, educators, business, and industry while keeping an eye on current employer needs, educational mandates, and trends. The following programs were developed at the National level.

National Program of Work

The heart of SkillsUSA is the Program of Work (PoW) or what your chapter is going to do. It is the activities and projects – the plan of action – that your chapter will carry out during the school year. The national Program of Work (PoW) sets the pace for SkillsUSA nationwide. The expectation is that each chapter will carry out this program of work. All the SkillsUSA programs are in some way related to the following seven major goals:

- ✚ Workplace Experiences
- ✚ Partner and Alumni Engagement
- ✚ Leadership Development
- ✚ Advocacy and Marketing
- ✚ Financial Management
- ✚ Community Engagement

Career Essentials

In today's world, it's not enough for students to have technical skills. If they want to advance their career potential and compete in today's job market, they need to stand out, be distinct and be a step ahead. That's a tall order. As an instructor, how can you ensure your students are career ready?

Here's how. We are excited to announce the SkillsUSA Career Essentials suite. These products ensure your students have the foundational skills, attitudes, and values to distinguish them from other applicants in the skilled labor marketplace. Once on the job, your students will be productive and promotable. The SkillsUSA Career Essentials suite is the solution to your needs in producing career-ready graduates who are prepared to face the 21st century demands of employers.

- ✚ **SkillsUSA Career Essentials: Foundations** (formerly called Career Readiness Curriculum [CRC]) *
- ✚ **SkillsUSA Career Essentials: Experiences** (replaces Professional Development Program [PDP]).
- ✚ **SkillsUSA Career Essentials: Assessments** (formerly called Workforce Ready System Skill Connect Assessments) **

**The CRC content has not changed.*

***The Employability Assessment has changed, but all others remain the same.*

SkillsUSA has been working hard to update and improve the Professional Development Program (PDP). The result is a completely new online curriculum. Created to facilitate the development of SkillsUSA Framework skills in students, it is the next level of instruction after the Career Readiness Curriculum (CRC). The important PDP employability competencies and skills are still in the new curriculum; the only difference is they are now easier to deliver and much more relevant and engaging for students.

Jump Into STEM!

Jump into STEM! just got ramped up a notch. SkillsUSA members across the nation are engaging in STEM related activities with fourth and fifth graders using the *Jump into STEM!* curriculum. Newly released *Jump into STEM!* lessons provide opportunities to engage first to third grade students and middle school students in STEM related activities. *Jump into STEM!* provides an opportunity for SkillsUSA members to engage middle school students and create an open door to recruitment for high school Career and Technical Education (CTE) programs. Recruit students into your program with engaging, hands-on learning provided by current SkillsUSA members.

SkillsUSA's Alliance with CareerSafe

SkillsUSA and CareerSafe have joined forces to provide students with online youth-safety training authorized by the Occupational Safety and Health Administration (OSHA). Through this affordable, informative, and innovative training, students learn to recognize potential safety and health hazards

pertaining to all 16 national career clusters that can prepare students for college or a career pathway.

Student2Student Mentoring Program

SkillsUSA offers Student2Student Mentoring as a national mentoring program that provides a way for our members to participate in America's Promise Alliance. Mentoring is a voluntary relationship between two people: a middle school, a high school or college student and a younger student (usually one in middle school). The aim is to encourage younger students to explore future careers and make decisions that will lead to marketable skills and productive futures.

Chapters who officially participate in the Student2Student Mentoring Program and submit their report by April 1, 2024, will be recognized at the Skills Ohio Championships State Conference.

SkillsUSA Recruitment Week

The SkillsUSA Recruitment Week is designed to empower chapter leaders to recruit potential new members through a series of activities and events which promote SkillsUSA.

SkillsUSA wants to recognize achievements of chapters that host a Recruitment Week and recruitment activities. After your week is finished, you can submit your Recruitment Week work for the opportunity to be spotlighted on the [SkillsUSA Champions digital hub](#).

www.skillsusa.org/programs/recruitment-week

Skills Jam

SkillsUSA has partnered with the Skilled Careers Coalition to produce Skills Jam, a docuseries that follows SkillsUSA students on their journey to Nationals. Skills Jam provides an opportunity for a wider audience to grasp the importance of skilled careers, and the opportunities available to students who participate in SkillsUSA and Career Technical Education. Viewers will cheer on competitors, feel moved by student stories and become advocates of skilled careers!

SkillsUSA National Signing Day

The SkillsUSA National Signing Day will be held on Thursday, May 4 to celebrate high school seniors and college/postsecondary students who have chosen to pursue a career as a professional in any of the skilled trades. Local SkillsUSA chapters are encouraged to host a signing day event by inviting business partners, school administrators, teachers, elected officials, SkillsUSA alumni, family, and friends to honor students signing "letters of intent" for a job offer, apprenticeship or advanced technical training.

SkillsUSA and its National Signing Day partners are more dedicated than ever to build on the inspiring success of our past National Signing Day event while continuing to shine a much-needed

public spotlight on students pursuing careers in the skilled trades.

WorldSkills Competition

Introduction

SkillsUSA is a member of WorldSkills International, headquartered in Amsterdam, Netherlands. This organization sponsors the biennial WorldSkills Competition (WSC). The U.S. team that competes at the WSC is assembled by SkillsUSA and known as the WorldSkills USA team.

Participation in the WSC has provided a vehicle for comparing our career and technical students and methods of training with that of our major free-market competitors. The training technologies displayed at the WSC exemplify the ultimate standard in skilled workforce preparation. As such, they offer important lessons for technical instructors and for SkillsUSA's corporate partners, whose productivity depends on employees with up-to-date skills. WSC results are one of the benchmarks by which a country's global economic competitiveness is judged.

Over its 60-year history, WorldSkills International has come to symbolize the pinnacle of excellence in career and technical training. Every two years, hundreds of young skilled people, accompanied by their teachers and trainers, gather from around the world to compete in the skills of their various trades and test themselves against demanding international standards and each other. They represent the best of their peers drawn from national skills competitions across the globe.

WorldSkills was founded in 1950 and currently has members from 85 countries/regions, with efforts constantly being made to expand the membership. In 1973, President Richard Nixon recognized SkillsUSA (then known as VICA) as the official organization representing the United States. Only one organization may represent a country in the official delegation and certify that country's international competitors.

SkillsUSA appoints one official delegate and one technical delegate to the governing body of the WorldSkills organization, called the Member Assembly. A technical expert from the United States is appointed to each competition in which the United States competes and is responsible for working with technical experts from other countries to organize, conduct and judge that competition.

WorldSkills USA Team Selection Procedures and Criteria

SkillsUSA* will only compete in those WSC competitions for which it has a well-qualified competitor, a well-qualified technical expert, adequate industry-funded support for conducting qualifying trials, advanced training, and general operating costs of the WorldSkills USA competitor prior to the WSC.

***Note:** SkillsUSA is responsible to obtain funding for membership in WorldSkills. SkillsUSA must also have 100-percent funding for the competitor and the expert. The funding can be from a single company or a series of contributors. Competitors can be added as funding comes in; however, if there is a possibility that the training needed to send a qualified representative is not available, SkillsUSA may not select a representative.

2. WorldSkills USA competitors may not turn 23 years of age or older during the calendar year of the WSC. (Exceptions apply for the two-member Mechatronics team and Aviation Technology competitors, who may be 25 years old.)

3. The selection process for WorldSkills USA will be a combination of trials where possible and the balance by eligibility, scores from either of the prior two years' SkillsUSA Championships along with an essay and a detailed interview process. The selection process for those candidates not selected by trials will be as follows:

Invitations will be sent to eligible SkillsUSA Championships competitors who are selected by the national organization.

Potential candidates will then fill out an application that includes a more detailed overview of what they will be challenged with.

This will be followed by a telephone interview and then a more in-depth interview, either in person or via a web conference.

Only students continuing their education and/or currently working in the skill area of the international competition for which they are being considered will be eligible.

Advanced training may require competitors to travel to receive training. Competitors will not be expected to pay for their training or travel without adequate financial support.

WorldSkills USA members are required to attend all webinars, orientations and promotional meetings scheduled by the SkillsUSA national headquarters prior to departure for the WSC.

State SkillsUSA directors and advisors of those candidates who are being considered will be notified. If their student is chosen, they will be notified, and the student will be paired with a technical expert.

Individual training programs and schedules will be developed and will begin as soon as possible.

Chapter Excellence Program

***** Level 1 is required for ALL chapters in Ohio. *****

The Chapter Excellence Program (CEP) honors chapter achievement relative to SkillsUSA's framework of developing personal, workplace and technical skills. The framework actualizes SkillsUSA's mission "to empower members to become world-class workers, leaders and responsible American citizens." It also serves as the blueprint for workplace readiness – our ultimate goal as an organization. By centering on industry demands, the framework builds the foundation for relevant and intentional student learning and employability skill development. All schools receiving the award receive recognition at the SkillsUSA Ohio Championships.

- ✚ Chaperone National, State, and Regional Officers as needed.
- ✚ Lead/Coordinate Professional Development Program at Fall Conference.
- ✚ Conduct Regional and State Delegate Assemblies.
- ✚ Conduct Regional Officer Training Institute.
- ✚ Serve as contact for technical support in region.
- ✚ Provide support at Regional Awards Ceremony.
- ✚ Serve as part of SkillsUSA Ohio Championships Management Staff.
- ✚ Serve as Advisory Team to the Board on Leadership Programs.
- ✚ Serve as a liaison for SkillsUSA Ohio for new and existing chapter reach out.

The Advisor's Commitment:

Attend as negotiated between the Advisor/School and State Director:

- ✚ SkillsUSA Ohio State Advisor Training (Saturday in the Spring and Fall).
- ✚ State Fall Leadership Conference (October/November – 2.5 school days per year).
- ✚ Regional Competitions (February/March – 1 non-school day per year).
- ✚ Regional Officers Training Institute (January – 4 school days and 2 non-school days).
- ✚ SkillsUSA Ohio Championships (April – 3 school days and 1 non-school day per year).
- ✚ Various Regional Reach-Out visits
- ✚ Other activities as approved by SkillsUSA Ohio and school.

The School's Commitment:

- ✚ Grant appropriate leave or support for the Advisor to meet required activities.

Term of Office:

- ✚ The term of office is 1-2 years and may be renewed.

SkillsUSA Ohio's Commitment to State Advisors:

- ✚ Cover travel, lodging, meals, and registration expenses for the 5 required events.
- ✚ Provide necessary resources to conduct training.

SkillsUSA Ohio Annual Advisor Training

The SkillsUSA Ohio Advisor Training is an exciting opportunity for both new and veteran advisors to hone their chapters. The event hosts several speakers and field experts facilitate the 2 days of sessions. Sessions will be interactive and will cover topics from across the SkillsUSA spectrum; focusing on the Program of Work, the SkillsUSA Framework, how to integrate SkillsUSA into the classroom, and how to get students engaged and keep them engaged. Over the 2 days, this conference helps assist new advisors in building their chapter and getting them started on the right foot. Experienced advisors will have the chance to network with others and add more SkillsUSA 'tools' to their toolbox. Sessions are taught by the SkillsUSA Ohio State Advisors, select local advisors, select school administrators, the SkillsUSA Ohio State Director, along with many others. This is a great way to get your SkillsUSA Chapter excited and engaged and ensure students and

advisors alike have a great SkillsUSA Experience.

SkillsUSA Ohio Regional Competitions

Purpose

SkillsUSA Ohio offers an opportunity for Career-Technical students to demonstrate the quality of their Career-Technical educational programs and recognizes outstanding students who excel in their occupational area. Competition in both individual skilled programs and leadership activities should be held at the local and regional level prior to the SkillsUSA Ohio State Championships

Conducting the skill competitions at these different levels permits students to become involved with the SkillsUSA Ohio organization. After competing in the state skill championships, students may have an opportunity to represent Ohio in the national SkillsUSA Championships.

Roles and Responsibilities

Ohio Department of Education Program Specialists act as managers of the SkillsUSA Ohio Regional competition events. The Education Program Specialist will be primarily responsible for the regional budget and managing the Conference Management System (CMS). This includes managing registrations and certifying the scoring results for the regional event. Program Specialists will delegate most of the contest responsibilities to the Regional Chairperson. The final responsibility for the execution of these activities is ultimately that of the regional host site. It is the responsibility of the Regional Chairperson to ensure that expenditures are within budget.

Ohio Department of Education Program Specialists will be available during the contest to facilitate the contest grievances process.

ODE Education Program Specialist	Regional Host Site
Budget Assignment & Consultation	Regional Budget Management
Contest Registration Management	Host and Manage Competitions
Scoring	Coordinate Judges and Contest Coordinators
Facilitate Grievance process	Plan and Conduct Awards Ceremony
Generate Awards PowerPoint	Print Region Specific Materials

Regional Chairperson

The Regional Chairperson is chosen by the regional host site and is responsible for the total operations of their regional skills competition event. For guidance in this process, the Regional Chairperson should use the checklist provided in this booklet. The past chairperson should act as co-chairperson. The chairperson should work in direct contact with the Ohio Department of Education Program Specialist to coordinate all activities of the regional skills championships.

State/Regional SkillsUSA Advisors

State/Regional advisors should act in an advisory capacity to the Ohio Department of Education Program Specialist and Regional Chairperson. The state/regional advisor should be available to assist with the following tasks:

-  Propose recommendations that facilitates an efficient transition of events on contest day.

- ✚ Assist with host site needs on the day(s) of competition.
- ✚ Coordinate Regional Officers for Awards Ceremony.

Regional Officers

The regional officers will attend the regional skills championships and wear official SkillsUSA dress. State Advisors must be notified if a regional officer is unable to attend the regional skills championships. Regional officers are permitted to compete in regional and state competitions.

The regional officers should handle the following tasks:

- ✚ Perform the opening and closing ceremonies
- ✚ Assist with introductions
- ✚ Assist with the presentation of medals
- ✚ Act as guides and ushers
- ✚ Assist with public relations activities

General Regulations

Ohio Department of Education Program Specialists, Regional Chairperson, State/Regional Advisors and Regional Officers must use these general regulations in conducting a SkillsUSA Ohio Regional SkillsUSA Championships.

The regional competitive events should closely adhere to the SkillsUSA National Technical Standards. It is advised to conduct all regional competitions within those parameters. The National Technical Standards are available (with professional membership) through the SkillsUSA Registration Website.

A regional contest should be planned if there is intent from four or more contestants for a competition. If there are three or fewer contestants registered for a specific regional contest, that contest is not required to be held and those contestants automatically advance to state competition. In addition, if there are less than 18 competitors or teams registered statewide for a given contest, a regional contest may not be held, and those contestants automatically advance to state competition. SkillsUSA Ohio will provide the official list of contests to each regional chairperson no later than the first Monday following the registration form deadline.

Skill Contests

Each region must offer the required competitions. If a region is unable to provide a required competition, no competitors from that competition can advance to the state competition.

90% of the score for each skill contest should be comprised of hands-on performance. Skills contests may assess an oral presentation such as a personal interview, an explanation of skills to be performed, or response to a problem. All contests will be performed in the safest manner possible. Any safety violation could result in disqualification.

Skill competitions may last a maximum of three hours and thirty minutes. Contestants should have equal time in each contest. Any exceptions to this rule should be approved by the State Director.

For skill contests that the Region is unable to provide an adequate hands-on event, a written

test could be administered. The State SkillsUSA Office may provide the written tests.

Contest orientation sessions are mandatory attendance. Orientation time (max 30 minutes) is excluded from the contest time limit.

Contestants arriving at the contest site late but before the end of the orientation session can participate. Contestants arriving at the contest site after the orientation session has ended are not allowed to participate until they receive an orientation from the chairperson. If a special orientation is required, this time may be deducted from the skill contest time.

Participants who do not bring the required tools and materials, as specified in the individual contest regulations, could be assessed a penalty in accordance with the established guidelines. The penalty is assessed by the Contest Coordinator. The Contest Coordinator may choose to furnish the required item(s); however, the penalty could still be assessed.

Offsite Contests

For competitions held offsite from the regional host school, the Regional Chairperson will notify the State SkillsUSA Ohio Office of contest location, date, and time. The Regional Chairperson will coordinate the competition in partnership with the Ohio Department of Education Program Specialist and offsite location contact. It is the responsibility of the regional host site to provide support and oversight of all competitions regardless of location. All costs associated with offsite contests are part of the total regional budget.

Observers/Closed Contests

Observers will be permitted where adequate space in the contest area is available. The Contest Coordinator may determine, at any time prior or during the competition, to close the competition if he/she feels that the presence of observers is disruptive to the competition or may cause a safety issue. All local advisors and administrators must cooperate with those individuals charged with the responsibility for such decisions. No observers will be allowed for Job Interview, Career Pathways Showcase and Opening and Closing Ceremonies.

For any closed competition, students and advisors must be given the opportunity to view the finished product, if applicable, following the judging for that competition.

Résumés

Résumé penalties are enforced at the Regional Level. Résumés will be checked, but not collected by the Contest Coordinator as the student signs in. Résumés are not to be collected.

Who May Compete?

Participants must be active SkillsUSA members. Dues must be paid to the National Office prior to regional registration. Participants compete as individuals unless the rules of the contest state that it is a team competition.

Grievances

Decisions of the Grievance Committee are final!

Regional Competition:

- Each Region will establish a Grievance Committee that will handle issues that may arise during the competition. Grievance Committee members must be impartial and have no direct involvement with the regional event. The decisions of the Committee are final. Grievances must be filed in writing by the contestant, local advisor, or school administrator within 15 minutes of the conclusion of the competition. Grievances involving errors in placement at the awards ceremony should be submitted in writing to the Regional Coordinator or ODE Staff Member by 5:00 PM Friday of the week following the competition.

State Competition:

- The SkillsUSA Ohio Championships Grievance Committee officially recognizes only those grievances filed in accordance with the following instructions.

Scoring Grievances:

- After the awards ceremony, protests of awards presented must be filed in writing with the Director of SkillsUSA Ohio before 5:00 p.m. on the Friday following the state conference. Changes in awards may be made only where a contest chairperson determines that one of the following errors existed at the time of the awards ceremony:
 - Error in transposition of numbers in tabulating scores.
 - Error in transposition of contestant names.
 - Error in tabulating scores.
 - Error in announcing of winners.

Contest Grievances:

- The contestant, local advisor, or school administrator files a written grievance on the form provided describing the situation in question and the violation of the SkillsUSA Ohio Championships or the National SkillsUSA Technical Standards. The completed grievance form will be submitted to the grievance committee within 15 minutes after the completion of the contest. Grievance forms are included in the Registration packets and additional will be available at the registration area.

Once grievances are received, they will be reviewed by the SkillsUSA Grievance Committee. These decisions are final. SkillsUSA Ohio reserves the right to make placement changes regardless of whether a grievance has been filed up to the date of departure for the national conference.

SkillsUSA Ohio Code of Conduct

This policy applies to all conference participants. The term "conference participant" shall mean any SkillsUSA member, including adults (teacher, advisor, or administrator), attending any SkillsUSA activity or involved in student preparation for an event. Ohio SkillsUSA Competitions are official educational functions and all activities conducted to meet that objective. Ohio SkillsUSA wants each person to have an enjoyable experience with maximum attention to safe practices and the comfort of participants. Each person in attendance will maintain conduct in a manner best representing Ohio SkillsUSA. Conference participants' conduct shall be the responsibility of the student's local advisor(s).

- + Conference participants shall not deface public property.
 - o Any damages to property or furnishings in hotel rooms or buildings will be paid for by the individual or club responsible.
- + Conference participants from out of town shall spend the night or nights at assigned hotels, in assigned rooms.
- + Conference participants shall be in their respective rooms at 10:30 p.m. and quiet at 11:00 pm (unless the time is altered by T&I State Staff Personnel).
- + Conference participants shall not be permitted in sleeping rooms with members of the opposite sex unless an adult advisor is present.
- + Conference participants shall be prohibited from having or consuming alcoholic beverages or drugs in any form (except prescribed drugs).
- + Conference participants shall not leave the hotel unless permission from the local advisors/regional advisors has been obtained.
- + Conference participants shall not throw objects out of hotel windows (an offence subject to criminal prosecution).
- + Conference participants shall not be permitted to smoke or vape at SkillsUSA activities.
- + Conference participants shall be prompt and prepared for all activities.
- + Conference participants shall keep their local advisors/regional advisors always informed of their activities and whereabouts.
- + Conference participants shall always wear identification badges.
- + Conference participants shall attend all general sessions and activities for which they are assigned and registered.
- + Conference participants shall always adhere to the prescribed SkillsUSA dress code.
- + Participants will be professional with social media posts at all times.
- + Act in accordance with your school's behavior policies, especially in relation to professional, polite, dignified, and appropriate behavior.
- + Dress in accordance with your school's dress code, especially in relation to professional, clean, modest, and appropriate attire.

Contestants or conference participants violating any of these rules of conduct will subject themselves and/or their entire delegation to being disqualified and may be sent home at his or her own expense.

By participating in or preparing a student for any SkillsUSA Ohio Local, Regional, State or National competition or event; advisors, teachers and administrators agree to the following:

- + I acknowledge that I have received and reviewed the Ohio Department of Education Licensure Code of Professional Conduct for Ohio Educators, and I agree to comply with the standards contained in the Code and all related policies and procedures as is required as part of my

continued employment.

- ✚ I agree to comply with all rules, regulations, policies, and procedures for Award Programs.
- ✚ I agree to always act in a professional and ethical manner.
- ✚ I agree to cooperate with SkillsUSA Ohio and other teachers in participating and conducting Award Programs, Leadership Events and Activities.
- ✚ I understand that in conjunction with SkillsUSA Ohio events and activities, students may be required to complete exams (“Exam or “Exams”). I acknowledge that all such Exams are the exclusive property of the SkillsUSA Ohio and constitute confidential and proprietary information that shall not be disclosed.
- ✚ In the event I receive confidential and proprietary information about the Exams, Award Programs, students, or other matters, I agree to notify SkillsUSA Ohio immediately and agree to not disclose, directly or indirectly, to any person, any such confidential and proprietary information.
- ✚ I understand that a violation of these provisions may result in disciplinary action against me and my students, including but not limited to, notice to my school administration, forfeiture of awards, suspension from participating in Award Programs, Leadership Events and Activities, and further action through the Office for Professional Conduct.
- ✚ I understand that violation of these disclosure provisions will cause irreparable harm to SkillsUSA Ohio for which monetary remedies may be inadequate, and that the SkillsUSA Ohio shall be entitled, without waiving other rights or remedies, to take all appropriate actions to remedy or prevent such disclosure or misuse, including obtaining temporary restraining orders and injunctions.
- ✚ No course of dealing between myself and SkillsUSA Ohio, no waiver by SkillsUSA Ohio, and no refusal or neglect of SkillsUSA Ohio in exercising any rights under this Acknowledgment, or in enforcing compliance with the terms of this Acknowledgment, shall constitute a waiver of any provision of this Acknowledgment.

Team Competitions

- ✚ Teams will be able to make substitutions and compete at state and regional competitions provided that:
 - A full team was registered and due to unforeseen circumstances, a contestant(s) are unable to compete.
 - Greater than 50% of the ORIGINAL team competes.
- ✚ To advance to the state competition, at least 50% of the team must be made up of the original regional competition team.
- ✚ If a competitor competes in a technical competition at the regional level and does not advance to the state competition; he or she is not eligible to compete in any other technical contest at the state level.
- ✚ If a competitor competes in a leadership competition at the regional level and does not advance to the state competition; he or she is not eligible to compete in any leadership contest at the state level.

Scoring Results

After competitions are completed, the Ohio Department of Education (ODE) staff will be responsible for the dissemination of information regarding placements and results. The results are PRELIMINARY and are NOT final until 5 business days after the completion of the event. The Ohio Department of Education (ODE) staff is required to notify participating schools of the top four preliminary winners in each contest in a timely manner to register competitors for SkillsUSA Ohio Championships (SOC) or National Leadership and Skills Conference (NLSC).

If a contest is conducted, awards will be given for 1st, 2nd and 3rd place. If no contest is conducted at the regional level, no medals are awarded and no competitors for that event will advance to SOC.

There can be no ties for 1st, 2nd, 3rd, or 4th place.

1st, 2nd, and 3rd place regional winners will represent their region at the SkillsUSA Ohio Championships. Fourth place winners will be used as alternates, if necessary. First place state winners will represent their region at the National Leadership and Skills Conference. Second place winners will be used as alternates, if necessary. Further information and placements below fourth place will be available upon request to ODE staff. Any scoring changes will be the result of the Education Program Specialist working with the Contest Coordinator within 5 days of the competition of the event. All scoring changes must be approved by the State Director.

Observers/Closed Contests

Observers will be permitted where adequate space in the contest area is available. **The Contest Coordinator may determine, at any time prior or during the competition, to close the competition if he/she feels that the presence of observers is disruptive to the competition or may cause a safety issue. All local advisors and administrators must cooperate with those individuals charged with the responsibility for such decisions.** No observers will be allowed for Job Interview, Career Pathways Showcase and Opening and Closing Ceremonies.

For any closed competition, students and advisors must be given the opportunity to view the finished product, if applicable, following the judging for that competition.

Demo Contests and New Contest Procedures

Proposed new contests in Ohio may be "State Only", or Contests proposed by the National Organization and are required to meet the following criteria:

- ✚ At least 1 sponsor
- ✚ A contest coordinator
- ✚ A contest technical committee (comprised of education al industry partners to sustain the contest with judges, supplies, and contest input)
- ✚ At least 6 schools (separate CTPDs) with participating contestants.

Once the above requirements are met, the contest will run as a straight to state demo contest for at least 1 year to ensure a quality contest at the state level before contestants are advanced to Nationals. After the first year, SkillsUSA Ohio will meet with the coordinator and determine the following:

- ✚ If there was enough interest to continue running the contest.
- ✚ Are the contestants able to pass the qualifications set by the National Technical Standards at such a level as to proceed and to be competitive at the National Event?
- ✚ Are the sponsor and coordinator willing to continue?

Competitors with Special Needs

SkillsUSA Ohio will ensure that the appropriate modifications are made for students with disabilities who are participating in any CTSO event per Section 504 of the Rehabilitation Act, a federal civil rights law that prohibits discrimination against individuals with disabilities. Local advisors should follow the instructions provided in the registration materials for making the leadership aware of what specific modifications will be needed. SkillsUSA Ohio will work diligently to ensure that the needs of the student are met. The programs and activities implemented by SkillsUSA Ohio should be inclusive for all students. Due to the real-work environment of competitions SkillsUSA Ohio cannot accept any Individualized Education Programs (IEPs) from school personnel.

Extenuating Membership Circumstances

If an active member has paid dues but, through no fault of his/her own, the dues were not received in the SkillsUSA national headquarters prior to the applicable deadline, then an exception may be granted when his/her membership is verified by the following procedure:

- ✚ Step 1 - Provide an official school receipt showing national dues paid, date paid, signature of agent receiving dues, and the receipt number.
 - ✚ Step 2 - Provide chapter or section minutes, or some other documentation, verifying (a) attendance at chapter or section meetings; and (b) participation in local SkillsUSA activities in addition to attendance only.
 - ✚ Step 3 - Provide statement from persons (e.g., chapter advisor, local administrator, supervisor, etc.) related to the case explaining why errors occurred and if the situation can be avoided in the future.
 - ✚ Step 4 - Provide copy of rosters lost or missing, including additions, accompanied by the appropriate number of dues to the SkillsUSA national headquarters.
 - ✚ Step 5 - Follow normal procedure for business coming to the SkillsUSA national headquarters. Local or state association business must be channeled through the state association director and/or state corporate member in writing and complying with announced due dates. Materials provided by local, or state association must be accompanied by a letter from the state association director and/or state corporate member requesting desired action.
- ✚ Extenuating circumstances considered not to be controllable by a member are:
 - Clerical error by person other than the involved active member.
 - Teacher strikes where schools were closed for extended lengths of time during February.
 - Extremely severe weather where schools are closed for extended lengths of time during February.
 - Mail lost by the U.S. Postal Service.
 - ✚ The state director may grant exceptions when all the above requirements verifying memberships have been documented properly and submitted to the SkillsUSA Ohio office prior to the SkillsUSA Ohio Championships. The State Director will determine if a potential exemption may be submitted to the national office. The school superintendent may appeal

- to the SkillsUSA Ohio Championships committee of the SkillsUSA Ohio Board of Directors.
- ✚ The national executive director may grant exceptions to this policy for the National Leadership and Skills Conference when all the above requirements verifying memberships have been documented properly and submitted to the SkillsUSA national headquarters. This request must be submitted on behalf of the member by the State Association Director. This does not alter the present policy of a direct appeal to the board of directors from a state association director and/or state corporate member.

Schools may send one competitor or team for every 50 paid SkillsUSA members based on local competition enrolled in a program where the scope of the contest described in the SkillsUSA Technical Content Standards reflects a major component of the program.

For Example:

- ✚ A school with 38 paid members enrolled in courses that teach many of the competencies in the Criminal Justice competition is permitted to send one competitor.
- ✚ A school with 53 paid members enrolled in courses that teach many of the competencies in the Criminal Justice competition is permitted to send two competitors.
- ✚ A school with 102 paid members enrolled in courses that teach many of the competencies in the Criminal Justice competition is permitted to send three competitors.

By registering for these events, the school advisor and administration certify that the contestants have met the above eligibility guidelines and passed all safety requirements necessary to complete the tasks identified in the technical standards.

Regional Contest offerings:

- ✚ Crime Scene Investigation (Team of 3)
- ✚ Criminal Justice

Straight to State Contest offerings:

- ✚ Firefighting (May send up to 2 competitors per school)
