TV/Video Production Contest Schedule

Tuesday, April 13th

9:00 AM – Orientation session via Zoom

All teams and their proctors will join the orientation session for an overview of the project, and the announcing of the actual project topic. Teams should join the Zoom meeting 10 minutes prior to the beginning of the orientation, and may be held in a waiting room. Following the orientation, teams will have until 2:00 PM EST to complete the project, submit their video and any supporting pre-production materials. All materials should be submitted through either the Dropbox or Google Drive link, but not both. The names for all files submitted MUST be the team letter from the schedule below, followed by a single word identification of what the file is (e.g. - “A Storyboard.jpg” would be Team A’s storyboard, “J video.m4v” would be Team J’s video entry, etc.) Cellphone photos of hand-drawn storyboards and hand-written scripts/treatments/production notes will be acceptable. Cellphones will only be allowed for this purpose, and under the supervision of the proctors.

Proctors must accompany the team members and will need to be on the Zoom throughout the day, preferably with a device that can be used to follow the team such as a cellphone or tablet. Please make your screen name for the Zoom call your team letter from the schedule below, and the team members’ last names in alphabetical order. Microphones should be muted, unless you are asked to unmute, and cameras must be on.

If you have any questions during the competition, they may be asked using the Chat feature in Zoom. That way, all teams will be able to view all questions and answers.

2:00 PM – Material Submission Deadline

Both the video and all pre-production materials must be uploaded by 2:00 PM EST, or they will not be counted towards the team score. Once teams have submitted their materials, they are done until their presentations on Tuesday.

Please note there are different Zoom links for the competition time on the 13th, and the presentations on the 14th. Teams should join the Zoom meeting 10 minutes prior to their scheduled time, and will be held in a waiting room until the judges are ready. Videos will be viewed and graded by the judges prior to the presentation, but teams should still present their video to the judges during the presentation time. Team members will also be asked to show their resumes on camera to the judges. Resumes are part of the grading criteria.

Please make your screen name for the Zoom call your team letter from the schedule above, and the team members' last names in alphabetical order. Cameras must be on. Students should be on separate computers for appropriate social distancing. Please make sure there is sufficient distance to not have feedback between the two.

Once teams have finished their presentations, they are done with the competition.
