

Welding

Date	February 13, 2026	Orientation Time	10:45 A.M
Location	Apollo Career Center 3325 Shawnee Rd. Lima, OH 45806	Contest Time	Immediately following orientation (CLOSED contest)
Scope of Contest	<p>The skill performance assessment may include steel project(s), aluminum project(s), stainless steel project(s) in various positions using a variety of filler metals. Competitors will be involved in a series of stations testing various aspects of welding.</p> <ul style="list-style-type: none">• Competitors must correctly use the welding equipment during the competition. The contest coordinator or any judge may stop a competitor at any section of the competition if they deem a competitor's manner to be hazardous to either themselves or others. Such a stoppage shall be documented as a warning. If the competitor is warned a second time, he or she may be disqualified for that section of the competition.• As soon as the competitors enter the competition area, no communication shall occur between the competitors or between the competitors and anyone else, except as directed by the contest coordinator or judges. Any such communication may result in the competitor being disqualified from that section of the competition.• Time limits will be established during the competition orientation.• Evaluation of the completed project will be judged visually. Nondestructive and/or destructive tests may be used to complete the project evaluation.• Welding and cutting instructions will be provided to the competitors and specified on the Welding Procedure Specifications (WPS) and prints provided in the welding booths and near cutting stations.• Welding equipment used in the competition may be obtained from a variety of manufacturers and may include transformers, rectifiers and/or inverters.• Filler metals will be detailed on the Welding Procedure Specification (WPS) and/or prints.• Welds will be evaluated visually using a scoring system as established by the contest coordinator. Nondestructive and/or destructive tests may be used to complete the project evaluation.• Print assembly tolerance will be +/- 1/16" unless otherwise noted.• If no print assembly dimensions are given to orient any project part, the part is to be approximately located based on the print's isometric view.		
Testing	No		
Eligibility	1 contestant for every 50 paid members enrolled in program		
Clothing	Clothing Classification Guide: CLASS D		
Provided by Contestant	<ul style="list-style-type: none">• Professional Resume – typed hardcopy• Emergency Medical Form (Contestants must have this to compete)• Leather welding jacket• Fireproof face mask• Hearing and/or ear protection		

	<ul style="list-style-type: none"> • Welding helmet with appropriate filter plate/lens and protective cover plate/lens in a flip or slide front. Auto darkening shields are permissible • Spare spatter and filter lenses/plates for arc welding helmet and oxyacetylene • goggles • Pocket calculator • Lead pencil and/or ballpoint pen • Soap stone with holder • Scribe with magnet • Combination square set • 10-foot (3.1 meters) steel tape measure • Fillet weld gauge • 16-ounce (.45 kilogram) ball peen hammer • Center punch • 10-inch (254 millimeters) vise grips • 6-inch (152 millimeters) side cutting pliers or diagonal cutting pliers • 6-inch (152 millimeters) needle nose pliers • Chipping hammer with or without wire brush • Stainless steel wire brush • Clear Safety Glasses • <u>The following WILL NOT be tolerated and are grounds for disqualification from the competition:</u> <ul style="list-style-type: none"> ○ No smart watches, cellphones and/or other electronic devices in the contest area unless specifically stated in this document. These devices cannot be used as a calculator. ○ No contact with anyone outside of the contest area once the contest begins. ○ No inappropriate communication between contestants such as verbally degrading another contestant or informing another contestant of the skills/test prior to or during the competition. ○ No cheating on any portion of the contest. ○ The use of AI is strictly prohibited and will result in an automatic disqualification of the contestant. 	
Contest Standards	Contest Skilled Performance Standards WF 3.0 – Read and interpret blueprints W 4.0 - Produce welds using a Shielded Metal Arc Welding (SMAW) process to AWS QC10 standards. W 5.0 - Produce welds using a Gas Metal Arc Welding (GMAW) process to AWS QC10 standards. W 6.0 - Produce welds using a Fluxed Cored Arc Welding (FCAW) process to AWS QC10 standards.
